The Wabash Valley Youth Symphony provides student musicians in the greater Tippecanoe County area with the opportunity to play classical music in a full symphonic setting. WVYS provides a high-quality educational experience with guidance from top music educators in the state, as they teach our youth to perform challenging orchestral music. Our organization is dedicated to serving the greater Lafayette community as our concerts are always free and open to the public. Additionally, no student is turned away based on the fee to participate. As we continue our 25-year legacy of classical music performance, we thank you for your willingness to donate.
